GIORDANI GIANCARLO
WORK PROTECTION ITEMS

SC2219

Aluminised fire-entry suit **for Fire Fighters special operations**.
The SC2219 set is designed to provide protection against engulfing flames and intense radiant heat.

The set must be worn for short periods of time only, to allow firefighters to operate in specific high-risk fire-fighting and fire rescue situations. The thermal barrier, achieved through a multi-layer material system, traps air between layers to maximize thermal insulation while ensuring good mobility for the operator.

Giordani Giancarlo S.r.l. Via C. Battisti, 31/A – 35010 Limena (PD) Italy - Tel. +39.049.8840522 E-mail: info@giordanigiancarlo.com
